Sir:

In response to the Office Action dated September 13, 2002, please amend the above-identified application as follows:

IN THE CLAIMS:

Please enter the following amended claims:

1. (Amended) An optical fiber cable configuration, comprising:
an outer protective sheath formed from a piece of wound composite tape;
a plurality of stacks which are standard to be radially positioned within said outer protective sheath, wherein each of said plurality of stacks includes a plurality of buffer tubes, and wherein said piece of wound composite tape includes a combination of fibers of a mesh-type substrate with at least one different type of material.
